---

Hello Portland Harbor CAG and community members,

The Northwest Environmental Business Council is hosting a forum this afternoon at OMSI to present the latest information on stormwater management, technology and regulation. Speakers from DEQ and the City of Portland will talk about new revisions to stormwater permits, TMDL compliance requirements, stormwater evaluation for Portland Harbor facilities and other hot topics. The event is from 3:30 to 6:30 p.m. today, and a registration fee of \$10 includes a reception, semi-hosted bar and hors d'oeuvres. The attached announcement provides more information, but if you have any questions, please just let me know.

Thanks,  
Mikell
